Informational Meeting Notice

14 Mile Rd. & Main St. Re-surface Project

DATE: Wednesday April 4th, 2018

TIME: 7:00 P.M.

LOCATION: Clawson, City Hall, Council Chambers

TO: **OWNERS AND OCCUPANTS ALONG 14 MILE RD. FROM WASHINGTON AVE. TO N. BELLEVUE AVE.**

OWNERS AND OCCUPANTS ALONG MAIN ST. FROM BROADACRE AVE. TO GARDNER AVE.

The City of Clawson in its continuing efforts to upgrade the city's infrastructure will be holding an informational meeting Wednesday April 4th, 2018 at 7:00 p.m. The topic of this meeting is the upcoming road re-surfacing project along 14 Mile Rd. from Washington Ave. to Bellevue Ave. This project also includes Main St. from Broadacre Ave. to Gardner Ave.

The intent of this meeting is to inform adjacent property owners and occupants about the scope of the project and estimated timelines to the best of our ability. Members of city staff, engineering consultants and the primary contractor will be available to answer all questions. The meeting is expected to last approximately one hour.

Sincerely,
Harry G. Drinkwine
Director of Engineering Services

CITY OF CLAWSON

NOTICE

Construction

Location

14 Mile Rd. (Washington – Bellevue)
Main St. (Broadacre – Gardner)

Starting Date: Monday, April 16th, 2018 *Weather Permitting*

KEY PEOPLE (Project Management Team):

<u>Harry G. Drinkwine</u>	Director of Engineering Services, City of Clawson
<u>Michael D. Smith</u>	Project Engineer, Anderson, Eckstein & Westrick
<u>Frank Prano</u>	Florence Cement Company

PROJECT:

The engineering firm of Anderson, Eckstein & Westrick, Inc., under contract with the City of Clawson, has designed and will oversee the re-surfacing project of 14 Mile Rd. (Washington – Bellevue) & Main St. (Lincoln – Gardner)

QUESTIONS, COMPLAINTS AND CONCERNS:

- **DURING BUSINESS HOURS**
Contact the City of Clawson, Public Works & Engineering offices @ (248) 288-3222
- **NON-BUSINESS HOURS EMERGENCIES**
Contact the Clawson Police Department Dispatch Center @ (248) 524-3477

WHAT TO EXPECT:

Expect to see construction equipment, barrels and signage as early as Thursday April 12th, 2018. The first phase of this project will involve temporary lane closures, manhole and drainage structure rehabilitation, milling off existing asphalt and areas of curbing replacement. This project is expected to take approximately 10 weeks to complete. Our goal is to have all road improvements completed by July 1st, with final restoration completed by July 29th, 2018

PARKING:

On street parking will be restricted as work is done in those affected areas. Access to municipal lots will be maintained at all times throughout this project. Any properties with a single driveway access will be notified in advance and access concerns will be coordinated.

EMERGENCY SERVICES:

At no time will this project prevent emergency services access. Emergency services will receive advance notice and alternate routes (if needed) will be established throughout this project!

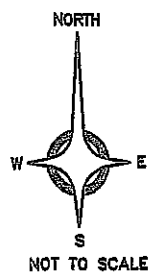

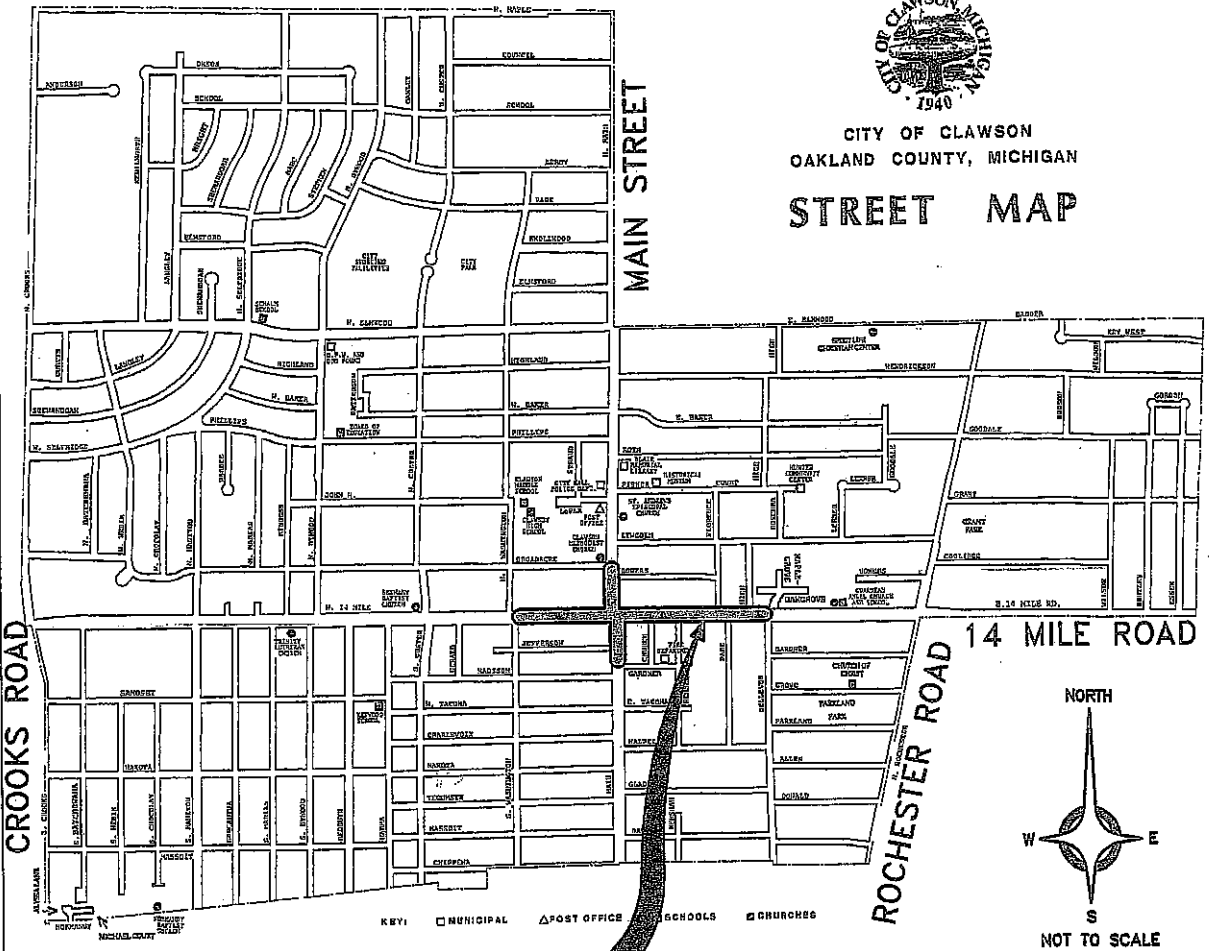

TRASH COLLECTION:

Trash collection will occur on schedule during construction: We will monitor progress and move containers to necessary locations to receive pick up.

Thank you in advance for your cooperation!
Working together will help make this project go smoothly for everyone.
